Rosefield reimagines watches & jewelry for relaxed elegance and easy living. We make fashion-forward styles that blend the classic with the modern. Where function meets form. At a price that works for today's cosmopolitan consumer.

Who is she? The Rosefield Woman is the epitome of city living with her finger on the pulse of what's next, what's new, what's now. She's the quintessential cool girl that isn't afraid to try new things. The Rosefield Woman sets trends — never follows them — and knows what she wants in life. This is at the core of our design philosophy.

Rosefield draws inspiration from Dutch minimalist design while taking cues from global contemporary fashion aesthetics. Our collections incorporate elements of vintage beauty from classic pieces mixed with the creativity of the future.

It's about being timeless, not trendy.
