I-SIZE TECHNOLOGY

PHILIPP PLEIN IS COMMITTED TO INNOVATION AND STAYING
AHEAD OF THE CURVE.

FOR THE SS26 COLLECTION, WE ARE PRESENTING THE I-SIZE®,
A REVOLUTIONARY SYSTEM FOR
EFFORTLESS RESIZING WITHOUT THE NEED FOR TOOLS.

HOW TO ADJUST THE BRACELET WITH THE SYSTEM:

1. SELECT LINKS WITH THE SYMBOL 
2. PULL OUT AND ROTATE THE BRACELET LINK WITH THE SYMBOL  TO OPEN
3. REMOVE THE DESIRED NUMBER OF BRACELET LINKS
4. PULL OUT AND ROTATE IT BACK TO CLOSE ANDE SECURE THE BRACELET

NEWNESS

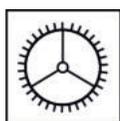

THE \$KELETON 2.0

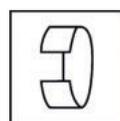

FOUR BOLD COLORS. ONE LEGENDARY LEGACY.

THE NEW ERA OF THE \$KELETON 2.0 HAS ARRIVED-BRINGING ITS ICONIC DESIGN INTO THE WORLD OF LEATHER.

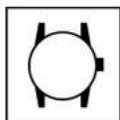

CRAFTED TO COMMAND ATTENTION FROM EVERY ANGLE, THE \$KELETON 2.0 FEATURES BOLD COLORFUL SILICONE-INJECTED FINISHES, A STRIKING ALL-BLACK SILHOUETTE, AND A CONSTRUCTION THAT SETS IT APART.

THE HEXAGON PANTHON

SLEEK, PURE AND EDGY.

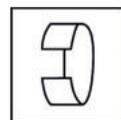

INTRODUCING THE HEXAGON PHANTOM, A REVOLUTIONARY DESIGN
IN PERFECT PHILIPP PLEIN'S STYLE.

WITH ITS BEST-SELLING TONNEAU-SHAPED CASE WITH A QUARTZ HEART
AND THE ICONIC PP LOGO EXPLODING ON THE DIAL,
THE HEXAGON PHANTOM SETS NEW STANDARDS IN THE WATCH INDUSTRY.

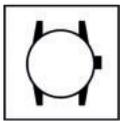

WEARING THE HEXAGON PHANTOM ISN'T JUST ABOUT TELLING TIME;
IT'S ABOUT MAKING A STATEMENT. IT'S ABOUT EMBODYING SOPHISTICATION,
PRECISION, AND A PASSION FOR EXCELLENCE.

WARRANTY AND
INSTRUCTIONS

WARRANTY AND INSTRUCTIONS

INTERNATIONAL WARRANTY

Your PHILIPP PLEIN watch is internationally warranted by Timex Nederland B.V. for a period of 24 (twenty-four) months from the date of purchase under the terms of this warranty.

This warranty is only valid if your watch was purchased from an authorized retailer and if the warranty certificate has been duly filled in, signed and stamped by the retailer.

This warranty covers all defects in material and workmanship existing at the time your PHILIPP PLEIN watch was sold. This warranty does not cover damage caused by accidents, improper use, theft or loss of the watch.

Also excluded from the warranty are the strap or bracelet, the battery and the mineral crystal, as well as damage caused by wear and tear and all direct or indirect damage caused by the circumstances. Any intervention on the watch by repairers not duly authorized by Timex Nederland B.V. shall void this warranty.

In case of need, contact the retailer from whom the watch was purchased or the PHILIPP PLEIN distributor in the country you are in if different from the country of purchase.

No one is authorized to alter the terms of this warranty. Any other form of warranty given by the retailer is entirely under the retailer's own responsibility.

GENERAL RECOMMENDATIONS

For optimal watch operation, we advise following these instructions for use:

- After immersion in salt water, rinse the watch with fresh water and dry completely.
- Make sure the watch is not exposed to very high temperatures (saunas, steam baths, etc.), which could damage the seals.
- Avoid violent blows or contact with corrosive substances or surfaces that could scratch the watch.

WARRANTY AND INSTRUCTIONS

EXTERNAL CLEANING

We recommend washing your PHILIPP PLEIN watch (apart from the leather strap) in warm, soapy water help of a soft brush. Rinse carefully with fresh water and dry with a soft, dry cloth.

For leather or fabric straps, avoid contact with water, fragrances and chemical substances.

DISPOSAL

Your watch must not be disposed of with domestic waste, but taken to an authorized collection point. This helps protect the environment and human health.

WATER RESISTANCE

The watch is water resistant thanks to a series of seals that deteriorate due to wear. For normal watch use, we therefore recommend checking water resistance at least every two years. If the watch is used in underwater sports, this check should be performed annually.

Do not operate the crown or chronograph pushers when the watch is wet because water could enter the movement and damage it.

All PHILIPP PLEIN watches are water resistant. The level of water resistance is indicated on the case back after the letters "WR", but the recommendations below should be followed:

- 30 meters/3 ATM/3 BAR: Resists small amounts of water like hand washing and rain.
- 50 meters/5 ATM/5 BAR: Suitable for showering and bathing.
- 100 meters/10 ATM/10 BAR: Suitable for swimming and snorkeling.
- 200 meters/20 ATM/20 BAR: Suitable for standard dive
